The Old Republic was developed by Bioware in 2008 as a new generation MMORPG. There have been millions of players registered since the dawn of the beginning of Swtor.. It contains hundreds of quests and lets gamers make the choices of everyday galactic fighters by giving them the responsibility of connecting with other real world gamers.. Star Wars The Old Republic Star Wars the Old Republic for mac is the same game that is supported for the PC, but is now compatible with Mac OS systems.
